

RE-TOUHD55T

Outdoor Totem Kiosk Display

Runs with **Android 7.1**

55"

HOUSING	Sheet Metal Shell and Internal Structural Parts Installation Way	Galvanized steel sheet (1.5mm) with zinc powder coating and fine grain powder triple coating. Floor Stand
PROTECTIVE GLASS	Ultra Clear Tempered Glass	6mm Tempered glass, its impact strength is 3 to 5 times that of ordinary glass, and its bending strength is 3 to 5 times that of ordinary glass. Transmittance ≥95%, Total Solar Heat Insulation Rate ≥50%, Reflectivity ≤3%.
LCD PANEL	Panel Model Display Area Aspect Ratio Lamp Type Resolution Brightness Contrast Ratio Viewing Angle Lifetime Automatic Light Sensor	Original LG A+ IPS LCD Panel 55 inch 1209 * 680 mm 16 : 9 LED 1920 * 1080 2000 cd/m ² 1200 : 1 178°(H) / 178°(V) ≥ 50000 hours The automatic photosensitive probe can automatically recognize and adjust the brightness of the LCD screen according to the ambient light.
	Time Switch	Electrical Time Switch
WATERPROOF	Spraying Water Waterproof Speaker	IP55 Watering Test 8Ω10W Waterproof Speaker
PLAY SYSTEM	Android Play Box Interface	RK3288, Memory 2GB, storage 8GB - Android 7.1 VGA / HDMI
COOLING SYSTEM	Air-Cooled Heat Dissipation	The integrated temperature control of intelligent fan meets the requirement that the display screen will not be blackened in the outdoor environment of - 20 to + 45 degrees temperature, automatically adjust the fan speed, save energy and power.
TOUCH SYSTEM	Nano Touch	Multi touch scheme
HEATING SYSTEM	PTC Heater	Low temperature start heating function
TESTING SYSTEM	Spraying Water	IP55 Watering Test
WORK ENVIRONMENT	Working Temperature Working Humidity Input Voltage Power Rating	-40°C to +55°C 5% to 90% 220V 400W
